Signs & Symptoms

Symptoms of **Pandemic Flu H1N1** are similar to symptoms of **Seasonal Flu**

- Fever
- Cough
- Headache
- Fatigue
- Sore throat
- Body aches
- Nausea
- Vomiting
- Diarrhea

If symptoms persist or get worse, seek medical attention

Prevention for 2 Types of Flu

- Cover coughs and sneezes with a tissue or the corner of the elbow. Throw tissue away after each use.
- Wash hands often with soap and water. Alcohol-based hand cleaners are also effective.
- Stay home when sick and keep sick children home from school.
- Avoid close contact with others who are sick.
